In c.1963, the house was converted for business use. The Chamber of Commerce has used it since c.1968.

b. Style/Period: Eclectic/Victorian

c. Date(s): 1888

The Gould House is an important downtown landmark signifying the formerly grand residential character of the core area of the city of Parkersburg. The house remains as a significant example of 19th century architecture once plentiful along city streets of the downtown.
