outbuildings
dependencies
other

e. Integrity (include dates):

original site/relocated
alterations
additions

f. Condition:

excellent
good X
fair
deteriorated
abandoned

g. Threats:

10. SIGNIFICANCE (use additional sheet if necessary):

a. Architect/Builder/Engineer:

b. Style/Period: Queen Anne

c. Date(s): c. 1880-1899

The building was constructed on property owned at one time by by former United States Senator Peter G. Van Winkle, who died in 1872.

The house at 600 Juliana Street is significant as a good surviving example of a large residential house type (actually an early duplex or double house) that has nearly disappeared from downtown streets. Its details are well preserved; these include imbricated half-round porch slates and turned columns and spindels. The house site possesses added significance as a property owned by Peter G. Van Winkle (1807-72), one of West Virginia's first two U.S. senators, and a former mayor of Parkersburg.

11. BIBLIOGRAPHY:

12. FORM PREPARED BY Eliza Smith, Christina Mann, DATE 12/81

a. Address Allegheny Square West, Pittsburgh, PA 15212

b. Organization Landmarks Planning, Inc.

600 Juliana St. (E corner of Juliana & 6th Sts.)
90-51

Sited on a corner in the shadow of the 6th Street railroad trestle, this is a large block with a deck hip roof with intersecting gables, turrets, and dormers. 3 chimneys are visible. The front (NW) facade is dominated by a large wooden dormer with sawn woodwork and 2 d/s windows. The side bays contain 3 sided bays with polygonal turret roofs. The central bays contain single windows and single doors. All windows are d/s (1/1) with stone lintels and sills. A 3 sided porch between the 3 sided bays has an imbricated shingle roof on turned posts with brackets. The SW facade has a central projecting gable of 2 bays and a 1 story, 3 sided bay window on the right.

600 Juliana St. (E corner of Juliana & 6th Sts.)
90-51

Sited on a corner in the shadow of the old street railroad tracks, this is a large block with a back hill with intersecting streets, tunnels, and dormers. 3 chimneys are visible. The front (NW) facade is dominated by a large wooden dormer with some woodwork and 2 1/2 windows. The side gable contains 3 sided bays with polygonal turret roofs. The central bay contains single windows and single doors. All windows are 6/8 (1/1) with stone lintels and sills. A 3 sided porch between the 3 sided bays has an unadorned single roof on turned posts with brackets. The SW facade has a central projecting gable of 2 bays and a 1 story, 3 sided bay window on the right.
